

COVINGTON OIL BUYING GROUP

In need of heating oil? We now use Boiler Juice as our Group Buying discount scheme, as it is more flexible for Covington residents! See our **6 Point Plan...**

**Order online or call:
0800 321 3275**

Our 6 Point Plan

1. From September through to May, we will look to place a group order every two – three months. You will receive an email from Simon Peck about this (simon.peck@covington.org.uk) asking you if you need heating oil and roughly how many litres you need. Minimum is 500 litres.
2. He will add up the estimated delivery size and get a price per litre from Boiler Juice. We need to be ordering over 2000l. in total to get a good group saving.
3. You will then make contact with the chosen supplier and give payment details for your delivery.
4. A delivery date will then be advised.
5. During the summer months, we will try to get one delivery at the best possible summer rates, as above.
6. If you miss a delivery or are running short – no worries! Once you have been included in one of our deliveries, you are a member! You can still contact Boiler Juice **0800 321 3275** and ask to be included in the next PE28 oil delivery to one of the surrounding villages. You only need give your name and post code and Boiler Juice will do the rest. You will then arrange payment details with the chosen supplier. Simple!

Please take a look at the Boiler Juice website (Mary-Ann: link here please) and see their price guarantee, oil price chart and average prices and current delivery estimates. Kerosene heating oil prices are affected by:

- Crude oil price
- Demand
- Amount of kero that has been refined/stored
- Seasonal temperature fluctuations

All of which can affect the lead-time on deliveries, from a few days to a couple of weeks!
